George, your not misreading Janine's memo, its that Lisa's letter said she wanted the end of March meeting moved up and its DEP that suggest the week of March 27th to meet.. I will track down the latest version of the letter to make sure that language is included.

Ray, may be I am misreading Janine's note but I read her note to say, let's meet at the end of the month to discuss process. That should be OK with us.

George, FYI see Janine's response below. Seems like they are being very formal and pushing the meeting date towards the end of March. I signed off on Alan's response to Lisa and it should be with Bill and on its way upstairs by early tomorrow I expect.

Draft response to Comm Jackson's 3/7/06 letter attached. I think I saw that Ray had wanted the 2nd sentence of the 1st paragraph deleted, but don't know if he had other changes marked on his hard copy.

Following are some e-mails that Liz Butler & Janine MacGregor have exchanged on setting up the exact date for the meeting. Note that Janine is the one who is limiting the choices to 3/27-30.

A draft response is with management so hopefully, we'll be able to get it out in some sort of reasonable timeframe. In the meantime, I'll begin that informal poll for 3/27-30.
Thanks.

Re: end of March mtg on IRM

Hi Elizabeth. Yes I called Alice today. My management wanted to hear back from RA Steinburg in response to Lisa Jackson letter. I was hoping we could proceed regardless of his reaction, since we only have 60-90 days to determine if we can even come up with a process we both can agree on...but I need

to respect how my management wants to proceed. Thanks for your availability info, though. If you want to informally poll anyone who would be in attendance, it looks like it would be more likely to be the week of the 27th. I'd prefer Newark.

Hi Alice, sorry I just retrieved your call while I typed this. Lisa B. and I were just on the phone mending fences for about an hour! Yes, if this happens, last week of March looks great. Thanks for the info!

Hi Janine.

I just wanted to touch base about setting up the meeting we discussed having towards the end of this month to see how DEP's source control plan and our IRM evaluation might mesh. Not sure if you've already talked to Alice about this, but she's gone for the day and won't be back

so I thought I'd

try to get the ball rolling. As far as the last two weeks of the month go, I am available 3/20-22 and 24, and 27-30. Scott Thompson, the primary player for Malcolm Pirnie is also available those dates. Also, please let me know if you have any preferences on meeting place. I can certainly look into reserving a room here or I can ask Lisa to check on availability in Newark.

Thanks and talk to you soon.
